HURT IN FALL FROM CAR

SAN MATEO—Jerked out of an automobile when she tried to close an unlatched door of a moving car and the wind caught the door, Mrs. B. Rommel, San Francisco, suffered severe lacerations on her legs Saturday afternoon on Bayshore Hwy. here.

consumers of more than $17,000,000.

1 Million B.C.

This exciting screen adventure opens its first run at the Redwood Theater Sunday on a dual program supported by Laurel and Hardy in "Saps At Sea."

Americans spend about $600,000,000 a year on candy.

Dealer's Business Shows Summer Gain

Summer business in excess of the "usual volume" was reported this week by J. F. Cuddy, head of Cuddy Motor Co., Oldsmobile dealership located on El Camino Real.

The dealer related that in 1940's Summer season new market behavior has been noted and credits the general public feeling that prices may advance as a result of the national defense program and its implication of higher raw material costs.

"There is no question but now is the time to make a safe deal on a new car or used car," the dealer declared. "Experienced buyers have observed the habits of other 'emergency' markets and are thus taking the sound course, which is to buy now and guard against possible rises in price."

The local Oldsmobile man stated that among men qualifying for the national "Salesmakers" Club, a merit organization of salesmen, were Pete Pensa, N. H. Olson, and C. H. Elstner. Pensa won a position in the "One Star" group, while the others recorded sufficient points to become "candidates," with the chance to win a higher rating later.

Willkie Volunteers Plan Meeting Here

Plans for a meeting Aug. 27 of Willkie Volunteers of Redwood City are being made by a group of supporters of the Republican presidential nominee who held their first session here Friday evening to hear functions and aims and the non-partisan nature of the volunteer organization explained. Aiding in planning the next meeting are L. F. Winkenwerder, Mr. and Mrs. E. W. Sanders, Warren Welch, Mr. and Mrs. S. B. Saboff, and Mr. and Mrs. C. V. Litton. Place of the meeting will be announced later.

DALY CITY HOME ROBBED

The home of Mr. and Mrs. Ray Gomez, Hillside Blvd., Daly City, was burglarized twice over the week-end and a considerable amount of property taken.

Spectacular Blaze Burns Cypress Tree

A spectacular fire in a cypress tree in Union Cemetery that could be seen for miles was extinguished by the Redwood City fire department at 9:09 o'clock last night. No damage was done except to the tree, which was in the back end of the cemetery. Firemen expressed belief that the fire was set by a prankster.

Gas, Electric Cuts Ordered For October

The State Railroad Commission has announced a $5,000,000 a year gas and electric rate reduction for Northern California. The cut will save electric customers of Pacific Gas and Electric Co. $2,000,000 a year and its gas patrons $3,000,000.

Commissioner Ray C. Wakefield said the reduction would become effective in October. Engineers of the commission and the company are making studies to determine what the new rates should be. These will be announced some time next month.

"This is the largest single reduction in rates ever made in the 28-year life of the railroad commission," Wakefield said.

PG&E serves electric and gas customers north of Bakersfield. San Mateo County is included in this area.

Wakefield said the effect of the cut on the company's earnings would be studied in six months, when a further cut may be ordered.

Wakefield pointed out that this is the fifth cut ordered in the last five years for PG&E, resulting in an annual saving to

It's friendly

Behind the instrument that does so much for warm human relationships is a big organization of folks—about 300,000 in the Bell System—who take pride in serving loyally and in making the telephone do more and do it better for more people.

Telephone workers, the country over, take pride in the *courtesy* as well as the dependability of their service.

MENLO PARK NEWS

There was a rumor in Menlo Park this week that the big Hopkins Estate would be subdivided and placed on the market by the first of the year. The property would find ready sale. Palo Alto would move over and take possession and perhaps call the locality North Palo Alto. The territory is not in the Menlo Park incorporation, although the southern boundary line is only a few yards from the city hall.

★ ★ ★

Mrs. J. B. Lynch has returned from a two months' visit to her sister in British Columbia and after a brief visit here with relatives will return to her home in Reno.

★ ★ ★

Robert Cooper, son of ex-Mayor James Cooper, and his pretty wife, have moved to Menlo Park from San Mateo. Mr. Cooper holds an executive position with a well-known oil company. The Coopers were married last June.

★ ★ ★

This week a miscellaneous shower was given at the home of Mr. and Mrs. Frank Maloney. The blessed event is scheduled for October. Mrs. Maloney is the former beauteous Ursuline Wilson of Palo Alto.

★ ★ ★

The local postal authorities have extended delivery and mail to and including Corpus Christie Monastery to the west and south to the Hopkins Estate. This is a great convenience to the people in that territory.

★ ★ ★

Frank Maloney, for some time serving as a substitute clerk in the postoffice, has been made a regular carrier in the territory east of the railroad track. In a recent civil service examination, Maloney stood second in a list of ten.

★ ★ ★

Dove season opens next week for a period of two months. The birds are quite plentiful on the hills and bay region. The mecca for the hunters, however, is Gilroy, where wheat fields have lured the birds.

★ ★ ★

The city council met Tuesday night and after some deliberation voted the tax rate of 57½ cents on the $100 of assessable property. This is 10 cents lower than last year, for which all taxpayers are grateful.

★ ★ ★

The supply of Willkie buttons at the local headquarters has been exhausted but the committee will secure a big consignment in a few days to meet the tremendous demands for them, by both Democrats and Republicans.

★ ★ ★

Mrs. Daisy Taylor, wife of Arthur Taylor of Fifth Ave., Fair Oaks, passed away Tuesday evening following a long illness. Mrs. Taylor was born in Birmingham, England, 46 years ago and came to California in 1913, when she married Mr. Taylor. The deceased was survived by her husband, three children, Mrs. Dorothy Fisher of Oregon, Arthur Taylor and Patricia Taylor of Fair Oaks. Mrs. Taylor had a host of friends on the Peninsula who loved and admired her for her many fine qualities of mind and heart. The interment took place at Alta Mesa Thursday.

Former Local Resident Passes Away

Mrs. Fannie A. Green, 80, who was born at Woodside May 12, 1860, died Sunday in Oakland after a three weeks' illness. She had resided in Oakland a number of years.

The daughter of Mr. and Mrs. Stephen Gilbert, pioneer residents of Redwood City, Mrs. Green was formerly a teacher in Redwood City elementary school. On Christmas Day, 1883, she married Alphonso Green, who survives her. Seven of eight children born to the couple, none of whom live in this vicinity, also survive the mother. She also leaves a sister, Mrs. Jessie Fraser of Iris St., Redwood City.

Asa Hull's Nephew Heads Hardware Firm

Election of William Coleman Hull as president of Hull Brothers Inc. to succeed his late uncle, Asa Hull, was announced here following a meeting of the local hardware firm's board of directors Monday. Vice president is Mrs. Mary Hull Shields, sister of the late Mr. Hull; treasurer is Miss Mary Hull, his niece, and secretary is Mrs. Jessie E. Choate. J. F. (Jack) Biane will continue as manager of the store.

County Engineer Big Project Is Approved

An appropriation of $352,000 in Work Projects Administration funds, to be used in San Mateo County road work during the next two years, has been approved by WPA headquarters in Washington, County Engineer M. A. Grant was notified today by Congressman John Z. Anderson.

Grant said the funds would be matched by $180,000 in county money to make $532,000 available for road work here in the coming biennium. The WPA project was similar—although much larger—to one which has been in use the past year, and under which the present Ralston Ave. work is being done.

The county's share of the funds—$90,000 each year—will come partially from state gas tax moneys and partly from local taxes. This year, Grant said, $44,000 is being raised through local taxes, $40,000 is coming from state funds, and $6000 is available from unexpended funds from last year.

Although much of the new project will consist of improving such roads as the La Honda Rd. and Pescadero Rd. near Memorial Park, Engineer Grant said the funds would be available also for emergency work or new projects throughout the county. The project had been applied for some six months ago.

Registering of Births Urged on Parents

Importance of registering the birth of every child in San Mateo County was stressed today in a bulletin issued by the county department of health and welfare.

Since 1900 California's system of registering births has been operating efficiently under a specific code, the bulletin stated. Nearly every person 35 years of age or under has a birth certificate on file.

It is important that this record be maintained, it was pointed out, because birth certificates are needed when entering school, applying for a Social Security number, seeking employment, applying for a passport, registering to vote, entering government service and in numerous other instances.

Mothers are urged to communicate with the statistician of the health and welfare department if they have not been visited by a department nurse within 30 days after the birth of their children. Registration must be completed within one year after birth. A complicated legal procedure costing approximately $100 is necessary to establish birth after that time.

Pennsylvania is the largest glass producing state, Ohio ranking second.

The black widow is the only poisonous spider of temperate North America.

Experimental 'Y' Camp Will Open Next Monday

Names of boys who will attend the San Mateo County "Y" camp which is to be an "experiment in Christian living" were coming in today from the ministers of nine churches located in various sections of the county.

Purpose of the camp, according to "Y" Secty. Tom Badley, is "to bring together a number of men and boys for the purpose of religious guidance and living by the example and teachings of Christ."

Ministers in the county and any parents interested in having their sons attend will select the group of 50 boys between the ages of 9 and 15 who will attend the unique camp where the themes of the five-day program will be taken from the Sermon on the Mount.

The camp will begin next Monday noon and continue until Friday noon, with the total cost per camper about $5, based on the actual costs of conducting the camp.

Campers should bring with them four heavy blankets, pillow, change of clothing, towel, swimming suit, soap, toothbrush, Bible, extra shoes, warm sweater, and fishing pole. Badley said that it would be preferable for boys to wear old clothes and to have their name on each article.

The camp is to be located at the San Francisco "Y" camp grounds 3½ miles beyond La Honda, towards Memorial Park, on the Pescadero Rd.

R. C. Post To Give Program at Hospital

Redwood City American Legion Post 105 will entertain veterans at the Veterans' Administration Facility in Palo Alto with a vaudeville program Friday night. Stanton E. Mullen will be in charge.

The post and auxiliary will install 1940-41 officers at the Veterans' Hall, Warren and Standish Sts., Monday at 8 p.m. The 40 and 8 drill team will install the post officers, and the district team will install auxiliary officers. The installation will be open to the public.

About 1,200,000 persons in the U. S. are employed in public education.

Voters May Well Beware Of Last-Minute Charges

Now is the time for voters to beware of election letters bearing the letterhead of a fly-by-night, fictitious political organization making charges which are unfounded or misleading.

An example of such a letter is the one now in the mails from an organization indentified as the "San Mateo County Citizens Federation," of which there is no previous record in the county. This letter, attacking the incumbent supervisors, Alvin S. Hatch and John W. Poole, who are seeking re-election, is riddled with false innuendos and flat misstatements.

To select the most salient error in fact, consider the so-called federation's charge that the supervisors have increased county expenditures during the past three years.

This is untrue. In 1937-38 the amount of money necessary for the board of supervisors to raise by taxation was $1,275,816 and the basic tax rate $1.145. In the current county budget the amount to be raised through taxes is $1,264,691 and the basic tax rate $1.0711. This is a reduction of more than 7 cents per hundred dollars of assessed valuation.

To back up their charge that the supervisors have increased expenditures, the purported federation includes in its figures state and federal expenditures which have been increased because of the more liberal federal and state relief and pension program.

Such a misrepresentation of fact is a vicious effort to mislead the voters, and in fairness should boomerang on its sponsors by swinging voters' support to Mr. Hatch and Mr. Poole, who have stood steadfastly for economy and business-like methods in county government.

Changes in bookkeeping methods are taken advantage of by the Citizens' Federation to make other erroneous charges against the supervisors. These accusations are as ill-founded as the charge mentioned above.

Perhaps the next most important of the letter's unsubstantiated points is the "fuss" made over the purchase of Coyote Point, where half-fact and misstatement are intermingled to confuse the voters. The fact is that in purchasing Coyote Point, the supervisors have provided a fine recreational area and made a good investment. Every Sunday, even now, hundreds of citizens are using the fishing and pleasure pier that is part of the county property, and when the recreation area is further developed, with federal aid, Coyote Point will be enjoyed by thousands.

As to the area being a good investment, it need only be pointed out that the portion of the Coyote Point purchase along Bayshore Highway has been appraised as worth more alone than the price to be paid over a 10-year-period for the entire point.

The Citizens' Federation points out that the purchase does not include the wooded knoll. This is true, but the supervisors have in mind the purchase of this when it can be secured at a fair price and when the clouded title of the knoll has been cleared.

There may be other such letters from similar fictitious organizations and perhaps attacking different candidates for office.

Voters should treat them with the contempt they deserve. Citizens would not go far wrong in voting for any official attacked by semi-anonymous or fictitious organizations which are usually created by political machines seeking to control elections.
